30	Successful Schools	6/30/2021 9:37 PM
31	Lack of diversity. There isn't much tolerance to diverse groups. Our county leaders are a mostly old white men. They are not in touch with issues like childcare (continue to deny variances that would allow for more childcare), affordable housing and community building. They spend time and energy on made-up issues, such as: critical race theory (not being taught at any county schools.), declaring us a constitution county (why?), etc. it seems that they are pandering for votes rather than seeking to help ALL citizens.	6/30/2021 7:06 PM
32	Closing of major stores	6/30/2021 7:01 PM

48	Healthcare	6/19/2021 12:58 PM
49	Meth and other drugs	6/19/2021 10:35 AM
50	Currently the ice rink is ruining the park aspect, it was so beautiful to have a big open park and always loved the July 4th music under the tent along with weddings and now it's another building project that seems to be on stand still. Use some areas that are already vacant there are MANY. There needs to be bike trails/golf cart lanes from Stonehenge into the village there isn't a safe way to ride back and forth from those neighborhoods. Also the housing going up is not at all appealing. It's tight fighting, so close to all the other homes with small yards if any. There seems to be a few good quality builders but the ones building these subdivisions seem very subpar.	6/15/2021 1:34 PM

11	Grocery on the south side of town! We can be classified as a food desert, for people with limited travel abilities and with the development of the old Madison school area, there needs to be a grocery at the old Marsh store.	6/27/2021 11:50 AM

13	Community activities that boost awareness of local business and bolster business affected by the last year. 19	Stronger urban planning (speaking for Warsaw specifically, but this could be true in other communities as well). Resources such as grocery stores, shopping, healthcare, basic services (e.g. hair salons, parks, entertainment) should be distributed in a manner that is easily accessible no matter what part of town one lives. The development on the North end of Warsaw has been great, but it has come at the cost of accessibility for every other area of town. The amount of business that is being fed North along SR15 is a primary cause of the congestion we see downtown, in my opinion. Residents are forced to go through town now for any shopping they do. This has been exacerbated by the closure of Marsh and Old Owen's on the south side of town as well as K-mart, Big R, and Carson's on the east end. The City council needs to consider what effects zoning in one area of town has on all others. There does not seem to be any plans in place to improve any of this. The new housing being built near the old Washington Elementary School will further accelerate these issues.	6/10/2021 11:36 AM

30	EFFICIENCY IS A MUST. I KNOW OF EXAMPLE OF WHERE MY ROAD HAS BEEN VISITED 7 TIMES IN LESS THAN A MONTH TO FIX ROAD ISSUES, INSTEAD OF TAKING CARE OF IT IN 1 OR 2 TRIPS. WASTE OF TIME AND MONEY. You want more young professionals? You want our kids who left to get educated to come home? Appeal to them. Most roads in the county do not have a shoulder, white line and/or center line is barely visible. Traffic lights at RR crossings continue to change instead of a default to flashing red/orange for uncrossing traffic to continue to flow, causing large backups in town.	9/1/2021 11:51 AM

1	There are no options. You are stuck with one expensive provider. It's mediocre	10/4/2021 8:00 AM
2	rates are unrealistic for what you get. they charge that because families rely on it now. unfortunate.	7/1/2021 7:39 AM
3	We need public high speed fiber.	6/22/2021 3:47 PM
4	The service provider available to us outside of town has not invested enough in upgrades to withstand the demands of the extra residents on weekends and to hold up to at home work/learning	6/12/2021 10:20 PM
5	We live on lake Tippecanoe so the wifi is slow due to us being far from any city or town.	6/10/2021 7:50 PM
6	The internet is awful. Way too much buffering when trying to work from home.	6/10/2021 12:44 PM
7	Frontier is our only "local" choice and DOES NOT work. We subscribe to a satellite service that is \$120 per month. Too expensive but we have no other choice for local service. REMC needs to hurry up! I've been hearing about REMC internet for years—where is it? Many people could work remotely if they had internet instead of moving away or traveling to work.	5/30/2021 8:27 PM

14	Comcast speeds are good, but expensive.	4/22/2021 7:18 PM

18	Severe limitations on providers	4/15/2021 3:45 PM
19	NO COMPETITION TO DRIVE PRICES LOWER. NOT ON MAJOR HIGHWAY SO NOT IMPORTANT TO OTHERS, FURTHER AWAY FROM TOWNS AND CITIES SEEM TO ALWAYS HAVE PRIORITY AND LEAN TOWARDS ADDITIONAL OPTIONS INSTEAD OF WORKING WITH SMALL COMMUNITIES FIRST.	4/15/2021 2:47 PM
20	Some of my coworkers who reside in the country do not have quality access to internet...in 2021! There shouldn't be any reason for these people to be unreachable with technology.	4/15/2021 1:57 PM
21	There's always room for improvement on internet services side, but most of the complains for Xfinity / Mediacom are not service related. CenturyLink however, is pretty bad. KREMC's new fiber internet services though will force CenturyLink to improve or they will take many of their customers.	4/13/2021 5:11 PM
22	Comcast service is horrible. Cant wait until REMC provides high speed alternative!	4/6/2021 2:27 PM

27	It's mediocre at best.	3/29/2021 1:03 PM
28	We really do not have a 'choice'. We have Comcast and they can basically charge whatever they want because there are no other choices	3/29/2021 12:37 PM
29	No high speed internet available in my area except for satellite	3/26/2021 3:05 PM

1	Specifically fire and EMS stations.	10/1/2021 5:22 PM
2	Roads-15 coming out of Edgewood and High school is backed up every morning and afternoon. Traffic lights and/or turn lanes at both intersections are critical. Most roads in the county do not have a shoulder, white line and/or center line is barely visible. Traffic lights at RR crossings continue to change instead of a default to flashing red/orange for uncrossing traffic to continue to flow, causing large backups in town.	9/1/2021 11:51 AM
3	Why do they need to send the fire truck to Every call? That is an unnecessary expense. I voted for dukes thinking that change would change the dynamic between city and sheriff Dept. The police officers are miserable. It is so sad to see the lack of community still.	7/30/2021 7:36 AM

6	Idk that they need improving but they definitely need our support and to know they are appreciated!	6/24/2021 3:06 PM
7	I don't know a lot of the issues that each system has, but again, start by really fixing the services that we have and then add on. Don't continually add new things to our communities if you can't maintain and update the old.	6/14/2021 7:10 AM
8	Would like to see if the county highway department has an actual plan of action for upgrading/resurfacing/paving of county roads. In most cases, it seems as if select roads are constantly maintained, while others are just patched until they fall apart.	6/12/2021 10:20 PM
9	Specifically, the REMC internet project will be fantastic for our underserved areas. Downtown Warsaw should be included as well to drive competition. Comcast has had a monopoly on internet service for far too long. The internet service is decent and reliable, but the price is much higher than you would find in most other communities.	6/10/2021 11:36 AM
